First-Time Coach: Youth Football Scott Tappa, 2019-02-27 You have agreed to coach a youth football team. You have enthusiasm, work ethic, charisma - and no experience. Where to start? In *First-Time Coach: Youth Football*, a veteran youth football coach takes you through the ins and outs of guiding a team. In these pages you will find guidance on preseason planning, preparing and running efficient practices, designing an offense and defense, managing your team on game day, and more. You will also find sample depth charts, call sheets, scouting forms, and practice planning templates. And if you need help coming up with an offense, we have included six runs and six passes to get you started. *First-Time Coach: Youth Football* will help you navigate this challenging, rewarding journey. Designed for coaches of players 8 to 12, *First-Time Coach: Youth Football* is intended for new coaches who enjoy football and may have helped out with intramural sports - soccer, tee ball, flag football, etc. - and whose organized football playing experience ended in high school if not earlier; and coaches who have served as an assistant football coach at a higher level like college or high school, but are unfamiliar with the idiosyncrasies of coaching little kids.

Coaching Kids Flag Football Danford Chamness, 2002 This book was written expressly for you who are coaching children in Flag Football. We stress how to teach children to play this game and to have fun doing it. The book covers all facets of the game from the most basic "how to" pass, receive, run and grab the flags to game strategies and tactics. When coaching children it should be a fun experience for every-one, for you, for the parents, and most important of all, for the children. As a coach, we cover the teaching attitude and methods. We always keep in mind that these are children, and the game is for the kids and not for the adults. Winning isn't everything, but learning to play well and wanting to win is. We have taken the children from first grade through the eighth grade and broken them into three categories. In each category we discuss the players needs and abilities, what they are capable of in both the physical and emotion sense, and their limitations. We have also defined the coach's role, the parent's role and the player's role.
